# INVESTING NOW TO TAKE CHARGE OF OUR FUTURE

BUDGET IN BRIEF

## INVESTING NOW

## TO TAKE CHARGE OF OUR FUTURE

Budget 2019-2020 presents major initiatives aimed at addressing the concerns of the population and implementing a long-term vision that will enable Québec to take charge of its future.

The government's actions are focused on health, education and the economy, but certain measures are also included to reduce the tax burden on taxpayers, accelerate the transition to a greener economy and enhance support for communities.

The first budget of the new government addresses current needs while laying the foundations for a modern and thriving Québec in which future generations will be able to reach their full potential.

# PUTTING MONEY BACK IN THE POCKETS OF QUEBECERS

## Additional initiatives totalling \$3.1 billion

**Gradual elimination of the additional contribution for childcare**

As of 2019, more than 140 000 families will pay a lower contribution

Average reduction of \$1 200 per year in the financial burden on families by 2022

## Gradual standardization of school tax rates

Reduction in the amount of school taxes as of July 2019: \$200 million more in the pockets of Quebecers

## Increase in the exemption for support payments in respect of dependent children

The amount that can be exempted from the calculation of government financial assistance will be raised from:

- \$100 to \$350 per month per child for the social assistance programs
- \$1 200 to \$4 200 per year per child for the student financial assistance program
- \$0 to \$4 200 for the legal aid program and the housing assistance programs

Between the fall 2018 update and 2023-2024, nearly \$5.2 billion will have been put back in the pockets of Quebecers

# FOSTERING EDUCATIONAL SUCCESS

## Additional initiatives totalling \$2.4 billion
