---ooo0ooo---

THE MINISTER OF HEALTH AND SOCIAL SERVICES,

CONSIDERING section 118 of the Public Health Act (chapter S-2.2) which provides that the Government may declare a public health emergency in all or part of the territory of Québec where a serious threat to the health of the population, whether real or imminent, requires the immediate application of certain measures provided for in section 123 of the Act to protect the health of the population;

CONSIDERING Order in Council 177-2020 dated 13 March 2020 declaring a public health emergency throughout Québec for a period of 10 days;

CONSIDERING that the public health emergency has consistently been renewed since that date by various Orders in Council, including by Order in Council 1415-2021 dated 10 November 2021;

CONSIDERING that Order in Council 1276-2021 dated 24 September 2021, amended by Ministerial Order 2021-072 dated 16 October 2021, provides for, among other things, the requirement for certain health and social service providers to be adequately protected;
CONSIDERING that Order in Council also empowers the Minister of Health and Social Services to order any modification or clarification of the measures provided for in the Order;

CONSIDERING that the current situation of the COVID-19 pandemic allows for the easing of certain measures set in place to protect the health of the population, while maintaining certain of the measures necessary to continue that protection;

ORDERS AS FOLLOWS:
