Your request

This request to cancel your assistance measure may not be revoked once it has been processed by the Curateur public du Québec. The recognition of your assistants will be revoked.

The information regarding you, as well as that concerning your assistants, will also be removed from the public registry of recognized assistants.

Given the irreversible nature of such a cancellation, it is important that your recognized assistants be informed of the matter ahead of time.

In every case, each of your assistants and yourself shall receive a written confirmation from the Curateur public du Québec at the end of the process. **Your assistance measure will come to a definitive end.**

As a result, if you wish to benefit from a new assistance measure, you will need to submit a new request to have one or two other persons recognized as assistants.

I UNDERSTAND the scope and significance of the preceding and **I HEREBY REQUEST** that the previously mentioned assistance measure be cancelled.
