2020-2021 Partners	26

*The Ministère de l'Enseignement supérieur invites young women enrolled in a bachelor's program in science or technology leading to a career in a traditionally male-dominated occupation to take part in the **Excellence in Science** contest. The candidates are encouraged to talk about what motivates them and their future projects.*

This contest is intended to showcase the diverse career opportunities available to young women and to support those who venture off the beaten track toward a diploma.

CONTEST ELIGIBILITY

- Candidates must be enrolled full-time in a bachelor's program in one of the science or engineering programs selected for the contest (see the *Fields and programs eligible for the 2020-2021 Excellence in Science contest* section at the end of this guide) and must not have failed in more than two subjects in their last school term.
- They must attend a university-level institution in Québec.
- They must be Canadian citizens or permanent residents and have resided in Québec for more than a year.

Please note:

- Graduate students at the master's and doctoral levels are not eligible for the contest.
- Winners from the past three years are not eligible. A candidate who wishes to once again be eligible for the contest must have changed her program of study, and over three years must have elapsed since she was last declared a winner.
- Winners of the *Hats Off to You!* contest are eligible for the *Excellence in Science* contest if they meet the general contest requirements.

2020-2021 LIST OF PRIZES

Thanks to the contest's partners, 28 prizes ranging from \$2000 to \$5000, will be awarded.

These 28 prizes will be awarded in June 2021.

- Four prizes of \$5000: Excellence in Science
- Ten prizes of \$2000: Excellence in Science
- One prize of \$2000: Agriculture and Agri-Food
- One prize of \$2000: Cultural Communities
- One prize of \$2000: Networking Skills
- One prize of \$2000 : Energy and Natural Resources
- One prize of \$2000: Environment
- Two prizes of \$2000: Inspiring Engineers
- One prize of \$2000: Equity
- One prize of \$2000: Forest, Wildlife and Parks
- One prize of \$2000: Showcase Your Region!
- One prize of \$2000: Employment Prospects
- One prize of \$2000: Perseverance
- One prize of \$3000: Next Generation
- One prize of \$2000: Transportation

ONE NEW PRIZE IN 2020-2021

Energy and Natural Resources

The Ministère de l'Énergie et des Ressources naturelles (MERN) awards a prize of \$2000 to a university student enrolled in one of the programs selected for the contest and who is a passionate advocate for the sustainable development of natural resources.

HOW TO PARTICIPATE

Candidates must register online at Quebec.ca . The application package must contain the following documents:

- 1) the registration form
- 2) the answers to the general questions on their career choice
- 3) the answers to the additional questions related to the prizes for which they are registered (candidates must select the prize(s) that best match their profile)
- 4) a copy of their transcript
- 5) their résumé
- 6) the recommendation from their educational institution

The *Documents to be provided* section outlines the details on submitting an application.

Deadline: March 5, 2021

GENERAL QUESTIONS

- 1) How did you become interested in your field of study? Why did you choose this career?
- 2) What is your recipe for success? What were the means, methods, advice or tips you used to ensure your educational success in a program of study in a traditionally male-dominated field?
- 3) Which of your program-related achievements are you most proud of? Explain why.
- 4) After you complete your studies, which profession do you intend to work in? Why?
- 5) How did your mentor¹ inspire and motivate you, and what impact did this person have on your training path?

ADDITIONAL QUESTIONS

Refer to the additional questions related to the different prizes.

FORMATTING STANDARDS

The answers to the questions must comply with the following standards:

- The top right of each page must contain your first and last name, as well as your program of study.
- Answers must be numbered and given in separate paragraphs.
- Line spacing must be set at 1.5.
- The font must be 11-point Arial.
- Letter-size paper must be used.
- Answers must be approximately 300 words for each of the general questions and for the additional questions.
- There must be an additional page for the answers to the questions for each prize selected.

1. After candidates have answered this question, their mentors are eligible for a *Mentorship* prize. A mentor may be a teacher or a staff member of the institution the candidate is currently attending.

SELECTION CRITERIA

Application packages will be assessed according to the following criteria:

- quality of the presentation of answers (clarity, authenticity, persuasiveness)
- relevance of the candidate's reasons for entering the contest
- favourable recommendation from the educational institution

DOCUMENTS TO BE PROVIDED

Before submitting the application, make sure that all the following documents are in PDF, JPEG or PNG format:

- a copy of a transcript issued by the university attended
- the answers to the five general questions
- the answers to the additional questions relating to each of the provincial prizes for which you are applying
- a résumé

RECOMMENDATION FROM THE EDUCATIONAL INSTITUTION

In addition, a mentor must support the candidate's application. The mentor could be a teacher or a staff member of the educational institution attended. The mentor's contact information must be included in the appropriate section of the online registration form. An automated email will be sent to the mentor in order to complete the recommendation process.

To this effect, the mentor will be asked to answer the following two statements:

- 1) Describe the candidate, taking into account her academic achievements (school marks, quality of work, etc.) and personal aptitudes (adaptability, creativity, team spirit, perseverance, etc.).
- 2) Tell us how the candidate stands out or why you feel she merits an award in the *Excellence in Science* segment of the *Hats Off to You!* contest, which promotes the role of women in traditionally male-dominated occupations.

MENTORSHIP PRIZES FOR TEACHERS AND STAFF MEMBERS

In order to recognize the contribution of mentors who support students on their training path and help them prepare their applications, the Ministère will award three prizes worth \$500 each (two for *Hats Off to You!* and one for *Excellence in Science*). The purpose is to highlight the importance of mentorship in schools and the effect it has on student success.

How to nominate someone for a *Mentorship* prize

Mentorship prizes are reserved for staff members. It is up to the candidates to nominate their mentor by answering General Question 5.

Mentorship prizes are worth \$500 each and are awarded to three mentors who recommended a candidate and who received a favourable review from them.

SUBMISSION OF THE APPLICATION PACKAGE

- 1) Candidates must submit their application package and all the required documents online by midnight on March 5, 2021.
- 2) The mentor, who must be a member of their school staff, must submit a recommendation online by midnight on March 9, 2021.

Confirmation of eligibility

Candidates will receive two automatic emails: one acknowledging receipt of their application, and another one confirming reception of the mentor's recommendation.

Personal information

By registering, you affirm that you have read and fully understood the information published on the contest's website as well as the information that appears below.

Photographs or footage taken of you during the provincial awards ceremony, as well as a short biography, will be published in the *Laureates* section of the website. These documents may also be used on various media, electronic or paper, to promote the event. Please note that only images showing you in a positive light will be used.

To this effect, you assign to the Ministère, free of charge, all the exclusive rights, for a limited time of one year, to reproduce and publish these documents for the purposes of promoting the *Hats Off to You!* contest, and you renounce any and all related claims.

Your file will be transmitted to those responsible for awarding prizes in the relevant contest categories. Finally, please be advised that the contest coordinator at the Ministère will contact you first should a journalist or any other person wish to contact you.

Under the *Act respecting Access to documents held by public bodies and the Protection of personal information* , you can exercise your right to access personal information about you held by the Ministère and to have it corrected.

EXCELLENCE IN SCIENCE PRIZES

(MES AND MEI)

What do you see as the role of women in science and engineering?

The **Ministère de l'Enseignement supérieur (MES)** awards two prizes of \$5000 and five prizes of \$2000.

The **Ministère de l'Économie et de l'Innovation (MEI)** also awards two prizes of \$5000 and five prizes of \$2000.

Questions

In addition to the answers to the general questions, the candidate's application package must include the answers to the following questions (approximately 300 words for each answer):

- 1) What solutions can you propose to respond to current or future challenges in your field of study? Describe these challenges and your suggested solutions.**
- 2) Name a woman who has made a name for herself in science and technology. Explain what it is about this person that inspires you.**

Additional information

To learn more about MEI, go to its website [🔗](#).

AGRICULTURE AND AGRI-FOOD PRIZE

(MAPAQ)

Feet on the ground

The **Ministère de l'Agriculture, des Pêcheries et de l'Alimentation (MAPAQ)** awards a prize of \$2000 to a student enrolled in a program in one of the fields mentioned below.

Questions

In addition to the answers to the general questions, the candidate's application package must include the answers to the following questions (approximately 300 words for each answer):

- 1) How will the skills acquired in your training prepare you to work in the field of agriculture or agri-foods?
- 2) How are you currently involved in the field?

Fields and programs eligible

- **Agricultural Engineering, Rural Engineering**
 - Bachelor's Degree in Agroenvironmental Engineering
 - Bachelor's Degree in Bioresource Engineering
- **Biological and Biomedical Engineering**
 - Bachelor's Degree in Biotechnology Engineering
- **Food Engineering**
 - Bachelor's Degree in Food Engineering

Additional information

To learn more about MAPAQ and its previous prizewinners, go to its website [🔗](#).

CULTURAL COMMUNITIES PRIZE

(CSN)

Are you a member of an Indigenous or cultural community? Tell us your story.

The **Confédération des syndicats nationaux (CSN)**, in collaboration with the **Fédération nationale des enseignantes et des enseignants du Québec (FNEEQ)**, the **Fédération des employées et employés de services publics (FEESP)** and the **Fédération des professionnelles (FP)**, awards one prize of \$2000 to a woman who is a member of an Indigenous or cultural community and who has chosen to practise a traditionally male-dominated occupation.

Questions

In addition to the answers to the general questions, the candidate's application package must include the answers to the following questions (approximately 300 words for each answer):

- 1) As a member of an Indigenous or cultural community, what obstacles have you had to face?**
- 2) What motivated you to choose a traditionally male-dominated occupation?**

Additional information

To learn more about the CSN, go to its website [🔗](#).

NETWORKING SKILLS PRIZE

(MEI)

The importance of a professional network for your career in science and technology

The **Ministère de l'Économie et de l'Innovation (MEI)** awards a prize of \$2000 to a student who demonstrates an ability to establish and maintain constructive and durable relationships with groups or associations.

Questions

In addition to the answers to the general questions, the candidate's application package must include the answers to the following questions (approximately 300 words for each answer):

- 1) Which organization(s) do you belong to (type of group or association, mission, activities, commitments, etc.) and what motivates you to be involved?**
- 2) How did your involvement in the group or groups affect them, the educational institution, student life, the field of activities, etc.?**

Additional information

To learn more about MEI, go to its website [🔗](#).

ENERGY AND NATURAL RESOURCES PRIZE

(MERN)

Are you a passionate advocate for the sustainable development of natural resources?

The **Ministère de l'Énergie et des Ressources naturelles (MERN)** awards a cash prize of \$2000 to a university student enrolled in one of the programs selected for the contest.

Questions

In addition to the answers to the general questions, the candidate's application package must include the answers to the following questions (approximately 300 words for each answer):

- 1) In your opinion, what future issues will you face in your field after you complete your training?
- 2) What are your arguments to convince the Ministère de l'Énergie et des Ressources naturelles to accept your application and award you the prize?

Fields and programs eligible

- **Agricultural Engineering, Rural Engineering**
 - Bachelor's Degree in Agroenvironmental Engineering
 - Bachelor's Degree in Bioresource Engineering
- **Biological and Biomedical Engineering**
 - Bachelor's Degree in Biotechnology Engineering
- **Chemical Engineering**
 - Bachelor's Degree in Chemical Engineering
- **Civil, Building and Transportation Engineering**
 - Bachelor's Degree in Water Engineering
- **Electrical, Electronic and Communications Engineering**
 - Bachelor's Degree in Electrical Engineering
 - Bachelor's Degree in Information Technologies Engineering
 - Bachelor's Degree in Microelectronic Engineering
- **Engineering**
 - Bachelor's Degree in Electromechanical Engineering
 - Bachelor's Degree Electromechanical Systems Engineering
- **Forestry Engineering, Forestry and Wood Sciences (silviculture)**
 - Bachelor's Degree in Forest Operations
 - Bachelor's Degree in Forest and Environmental Management
 - Bachelor's Degree in Wood Engineering
- **Geological Engineering**
 - Bachelor's Degree in Geological Engineering
- **Geomatics (surveying)**
 - Bachelor's Degree in Geomatics Engineering
 - Bachelor's Degree in Geomatics Sciences
- **Industrial and Management Engineering**
 - Bachelor's Degree in Automated Production Engineering
 - Bachelor's Degree in Industrial Engineering
 - Bachelor's Degree in Operations Engineering and Logistics
- **Materials and Metallurgical Engineering**
 - Bachelor's Degree in Materials and Metallurgical Engineering
- **Mechanical Engineering**
 - Bachelor's Degree in Mechanical Engineering
 - Bachelor's Degree in Robotics Engineering
- **Mining Engineering**
 - Bachelor's Degree in Mining Engineering
 - Bachelor's Degree in Mining and Mineral Engineering
- **Physical Sciences**
 - Bachelor's Degree in Physics

Additional information

To learn more about MERN, go to its website [🔗](#).

ENVIRONMENT PRIZE

(MELCC)

So you want to save the planet?

The **Ministère de l'Environnement et de la Lutte contre les changements climatiques (MELCC)** awards a prize of \$2000 to a student enrolled in one of the programs selected for the contest.

Questions

In addition to the answers to the general questions, the candidate's application package must contain the answers to the following questions (approximately 300 words for each answer):

- 1) In the last five years, what have been your personal and professional achievements relating to the environment or the fight against climate change?
- 2) The first implementation plan for the *2030 Plan for a Green Economy*, which covers the period from 2021-2026, is structured around five main axes: Mitigate climate change, Build the economy of tomorrow, Adapt to climate change, Create a predictable environment that is conducive to the climate transition and Accelerate the development of knowledge. How does your career plan relate to one or more of these axes? State the axes to which you refer.

Fields and programs eligible

- **Agricultural Engineering, Rural Engineering**
 - Bachelor's Degree in Agroenvironmental Engineering
 - Bachelor's Degree in Bioresource Engineering
- **Chemical Engineering**
 - Bachelor's Degree in Chemical Engineering
- **Civil, Building and Transportation Engineering**
 - Bachelor's Degree in Building Engineering
 - Bachelor's Degree in Civil Engineering
 - Bachelor's Degree in Construction Engineering
 - Bachelor's Degree in Water Engineering
- **Engineering**
 - Bachelor's Degree in Electromechanical Engineering
 - Bachelor's Degree Electromechanical Systems Engineering
- **Forestry Engineering, Forestry and Wood Sciences (silviculture)**
 - Bachelor's Degree in Forest Operations
 - Bachelor's Degree in Forest and Environmental Management
 - Bachelor's Degree in Wood Engineering
- **Geological Engineering**
 - Bachelor's Degree in Geological Engineering
- **Geomatics (surveying)**
 - Bachelor's Degree in Geomatics Engineering
 - Bachelor's Degree in Geomatics Sciences
- **Industrial and Management Engineering**
 - Bachelor's Degree in Automated Production Engineering
 - Bachelor's Degree in Industrial Engineering
 - Bachelor's Degree in Operations Engineering and Logistics
- **Mechanical Engineering**
 - Bachelor's Degree in Mechanical Engineering
- **Materials and Metallurgical Engineering**
 - Bachelor's Degree in Materials and Metallurgical Engineering
- **Mining Engineering**
 - Bachelor's Degree in Mining Engineering
 - Bachelor's Degree in Mining and Mineral Engineering

Additional information

To learn more about the MELCC and its previous prizewinners, go to its website [🌐](#).

INSPIRING ENGINEERS PRIZES

(FOIQ)

For those who contribute to the promotion of women in engineering

The **Fondation de l'Ordre des ingénieurs du Québec (FOIQ)** awards two prizes of \$2000 each to two students whose engagement and concrete actions encourage other women to pursue a career in engineering.

Question

In addition to answers to the general questions, the candidate's application package must include the answer to the following question (approximately 300 words):

- 1) As an aspiring engineer, what steps are you currently taking or have you taken in the past to encourage other young women to pursue a career in engineering?**

Additional information

To learn more about the FOIQ, go to its website [🌐](#).

EQUITY PRIZE

(FTQ)

Tell us your story

The **Fédération des travailleurs et travailleuses du Québec (FTQ)** awards a prize of \$2000 to a student who has chosen a traditionally male-dominated occupation and is involved in her community.

Questions

In addition to the answers to the general questions, the candidate's application package must contain the answers to the following questions (approximately 300 words for each answer):

- 1) What is the nature of your community involvement, and how important is it to you?
- 2) Why did you choose to train or retrain for a traditionally male-dominated occupation?
- 3) In your opinion, what obstacles will you face in taking your place in a traditionally male-dominated occupation? How do you intend to overcome them?
- 4) In your opinion, what can unions do to support female employees working in traditionally male-dominated fields or to help them remain in these jobs?

Please note

The FTQ jury reserves the right to transfer the prize to the *Hats Off to You!* contest if any of the requirements of the *Excellence in Science* contest are not met.

Additional information

To learn more about the FTQ, go to its website [🔗](#).

FOREST, WILDLIFE AND PARKS PRIZE

(MFFP)

Are you passionate about forests, wildlife and parks?

The **Ministère des Forêts, de la Faune et des Parcs (MFFP)** awards a prize of \$2000 to a university student enrolled in one of the programs selected for the contest.

Questions

In addition to the answers to the general questions, the candidate's application package must include the answers to the following questions (approximately 300 words for each answer):

- 1) How will the skills acquired in your training equip you to work in the field of forestry, wildlife or parks?**
- 2) How are you currently involved in the field?**

Fields and programs eligible

- **Agricultural Engineering, Rural Engineering**
 - Bachelor's Degree in Agroenvironmental Engineering
 - Bachelor's Degree in Bioresource Engineering
- **Forestry Engineering, Forestry and Wood Sciences (silviculture)**
 - Bachelor's Degree in Forest Operations
 - Bachelor's Degree in Forest and Environmental Management
 - Bachelor's Degree in Wood Engineering
- **Geomatics (surveying)**
 - Bachelor's Degree in Geomatics Engineering
 - Bachelor's Degree in Geomatics Sciences

Additional information

To learn more about the MFFP, go to website [🔗](#).

SHOWCASE YOUR REGION! PRIZE

(MAMH)

Do you want to help raise the profile of your region?

The **Ministère des Affaires municipales et de l'Habitation (MAMH)** awards a prize of \$2000 to a student enrolled in one of the programs eligible for the contest. The prize will be awarded to the candidate who has best demonstrated how her involvement in her community, training and future career could help promote her municipality or region.

Questions

In addition to the answers to the general questions, the candidate's application package must include the answers to the following questions (approximately 300 words for each answer):

- 1) How will the competencies you acquired during your training enable you to contribute to the social and/or economic development of your region?**
- 2) What is motivating you to contribute to promoting your region? Share some examples of your involvement in your community.**

Additional information

To find out more about the Ministère des Affaires municipales et de l'Habitation, go to its website (in French only) [🔗](#).

Do you wish to participate more actively in your community? Have you considered becoming involved in municipal politics? Subscribe to the 2021 municipal elections newsletter to find out more about the opportunities available to you. Click [HERE](#) (in French only) [🔗](#).

You can also watch videos on the roles of elected municipal officials at the following address [🔗](#).

EMPLOYMENT PROSPECTS PRIZE

(MES)

Have you chosen a program that focuses on the future?

The **Ministère de l'Enseignement supérieur (MES)** awards a prize of \$2000 to a student enrolled in a traditionally male-dominated program that offers the best employment prospects and in which an increase in enrolment is advisable in order to fill the available jobs.

Questions

In addition to the answers to the general questions, the candidate's application package must include the answers to the following questions (approximately 300 words for each answer):

- 1) What do you think are the best promotional tools to encourage women to choose a program of study that offers them the best employment prospects?
- 2) Describe a project that you carried out as part of your training and that showcases your program of study. How did you (or will you) make this project a success?

Fields and programs eligible²

- **Civil, Building and Transportation Engineering**
 - Bachelor's Degree in Building Engineering
 - Bachelor's Degree in Civil Engineering
 - Bachelor's Degree in Construction Engineering
 - Bachelor's Degree in Water Engineering
- **Computer Engineering and Construction of Computers**
 - Bachelor's Degree in Computer Engineering
 - Bachelor's Degree in Computer and Electronic Systems
- **Electrical, Electronic and Communications Engineering**
 - Bachelor's Degree in Electrical Engineering
 - Bachelor's Degree in Information Technologies Engineering
 - Bachelor's Degree in Microelectronic Engineering
- **Industrial and Management Engineering**
 - Bachelor's Degree in Automated Production Engineering
 - Bachelor's Degree in Industrial Engineering
 - Bachelor's Degree in Operations Engineering and Logistics
- **Engineering**
 - Bachelor's Degree in Electromechanical Engineering
 - Bachelor's Degree Electromechanical Systems Engineering
- **Information Sciences**
 - Bachelor's Degree in Administration (Business Technology)
 - Bachelor's Degree in Bioinformatics
 - Bachelor's Degree in Business Computing
 - Bachelor's Degree in Computer Science
 - Bachelor's Degree in Computer Science and Software Engineering
 - Bachelor's Degree in Imaging Science and Digital Media
 - Bachelor's Degree in Multimedia and Video Games Sciences Coop
 - Bachelor's Degree in Software Engineering
- **Mechanical Engineering**
 - Bachelor's Degree in Mechanical Engineering
 - Bachelor's Degree in Robotics Engineering

Additional information

To learn more about the promising trades and occupations, go to this website [🔗](#).

2. Note that the selected programs of study are included in the promising trades and occupations.

PERSEVERANCE PRIZE

(CSQ)

For those who never gave up

The **Centrale des syndicats du Québec (CSQ)** awards a prize of \$2000 to a student who has shown the most perseverance in training for a traditionally male-dominated occupation.

This award recognizes perseverance in the achievement of career goals. (Note that it is not designed to reward those who have overcome physical or social handicaps.) Candidates must demonstrate their perseverance by describing what they had to do to overcome the obstacles related to the chosen traditionally male-dominated occupation.

Questions

In addition to the answers to the general questions, the candidate's application package must include the answers to the following questions (approximately 300 words for each answer):

- 1) While making a place for yourself in a male-dominated program of study, what obstacles did you encounter, and how did you overcome them to reach your professional goals? Describe your experience.**
- 2) Female role models in male-dominated trades and occupations often influence other women in their career choice. Your own example of perseverance could one day become a source of inspiration. Has the idea of becoming such a role model ever crossed your mind?**

Additional information

To learn more about the CSQ, go to its website [🔗](#).

NEXT GENERATION PRIZE

(MEI)

Making her mark right from the start

The **Ministère de l'Économie et de l'Innovation (MEI)** awards a prize of \$3000 to a first-year student enrolled in one of the programs selected for the contest (see the *Fields and programs eligible for the 2020-2021 Excellence in Science contest* section).

Questions

In addition to the answers to the general questions, the candidate's application package must include the answers to the following questions (approximately 300 words for each answer):

- 1) In your opinion, what are the best ways to interest young women in science and technology?**
- 2) Describe work or a project you have carried out that demonstrates your interest in, and passion for, science and technology.**

Additional information

To learn more about MEI, go to its website [🔗](#).

TRANSPORTATION PRIZE

(MTQ)

Do you have a driving passion?

The **Ministère des Transports du Québec (MTQ)** awards a prize of \$2000 to a student enrolled in one of the programs selected for the contest.

Questions

In addition to the answers to the general questions, the candidate's application package must include the answers to the following questions (approximately 300 words for each answer):

- 1) In your opinion, what is the greatest challenge in the field of sustainable mobility and transportation electrification today?
- 2) How has your training prepared you to meet this challenge?

Fields and programs eligible

- **Aerospatial, Aeronautical and Astronautical Engineering**
 - Bachelor's Degree in Aerospatial Engineering
- **Civil, Building and Transportation Engineering**
 - Bachelor's Degree in Building Engineering
 - Bachelor's Degree in Civil Engineering
 - Bachelor's Degree in Construction Engineering
 - Bachelor's Degree in Water Engineering
- **Electrical, Electronic and Communications Engineering**
 - Bachelor's Degree in Electrical Engineering
 - Bachelor's Degree in Information Technologies Engineering
 - Bachelor's Degree in Microelectronic Engineering
- **Geological Engineering**
 - Bachelor's Degree in Geological Engineering
- **Geomatics (surveying)**
 - Bachelor's Degree in Geomatics Engineering
 - Bachelor's Degree in Geomatics Sciences
- **Engineering**
 - Bachelor's Degree in Electromechanical Engineering
 - Bachelor's Degree Electromechanical Systems Engineering

Additional information

To learn more about the MTQ, go to its website [🔗](#).

FIELDS AND PROGRAMS ELIGIBLE FOR THE 2020-2021 *EXCELLENCE IN SCIENCE CONTEST*

- **Aerospatial, Aeronautical and Astronautical Engineering**
 - Bachelor's Degree in Aerospatial Engineering
- **Agricultural Engineering, Rural Engineering**
 - Bachelor's Degree in Agroenvironmental Engineering
 - Bachelor's Degree in Bioresource Engineering
- **Biological and Biomedical Engineering**
 - Bachelor's Degree in Biomedical Engineering
 - Bachelor's Degree in Biotechnology Engineering
- **Chemical Engineering**
 - Bachelor's Degree in Chemical Engineering
- **Civil, Building and Transportation Engineering**
 - Bachelor's Degree in Building Engineering
 - Bachelor's Degree in Civil Engineering
 - Bachelor's Degree in Construction Engineering
 - Bachelor's Degree in Water Engineering
- **Computer Engineering and Construction of Computers**
 - Bachelor's Degree in Computer Engineering
 - Bachelor's Degree in Computer and Electronic Systems
- **Electrical, Electronic and Communications Engineering**
 - Bachelor's Degree in Electrical Engineering
 - Bachelor's Degree in Information Technologies Engineering
 - Bachelor's Degree in Microelectronic Engineering
- **Engineering**
 - Bachelor's Degree in Electromechanical Engineering
 - Bachelor's Degree Electromechanical Systems Engineering
- **Engineering Physics**
 - Bachelor's Degree in Engineering Physics
- **Food Engineering**
 - Bachelor's Degree in Food Engineering
- **Forestry Engineering, Forestry and Wood Sciences (silviculture)**
 - Bachelor's Degree in Forest Operations
 - Bachelor's Degree in Forest and Environmental Management
 - Bachelor's Degree in Wood Engineering
- **Geological Engineering**
 - Bachelor's Degree in Geological Engineering
- **Geomatics (surveying)**
 - Bachelor's Degree in Geomatics Engineering
 - Bachelor's Degree in Geomatics Sciences
- **Industrial and Management Engineering**
 - Bachelor's Degree in Automated Production Engineering
 - Bachelor's Degree in Industrial Engineering
 - Bachelor's Degree in Operations Engineering and Logistics
- **Information Sciences**
 - Bachelor's Degree in Administration (Business Technology)
 - Bachelor's Degree in Bioinformatics
 - Bachelor's Degree in Business Computing
 - Bachelor's Degree in Computer Science
 - Bachelor's Degree in Computer Science and Software Engineering
 - Bachelor's Degree in Imaging Science and Digital Media
 - Bachelor's Degree in Multimedia and Video Games Sciences Coop
 - Bachelor's Degree in Software Engineering
- **Materials and Metallurgical Engineering**
 - Bachelor's Degree in Materials and Metallurgical Engineering
- **Mechanical Engineering**
 - Bachelor's Degree in Mechanical Engineering
 - Bachelor's Degree in Robotics Engineering
- **Mining Engineering**
 - Bachelor's Degree in Mining Engineering
 - Bachelor's Degree in Mining and Mineral Engineering
- **Physical Sciences**
 - Bachelor's Degree in Physics
- **Multidisciplinary studies**
 - Mathematics-Computer Science
 - Mathematics-Physics

*The titles of the bachelor's degree programs listed above are provided for information purposes. The exact titles of some degree programs may vary from one university to another.

QUESTIONS? – EXCELLENCE IN SCIENCE

When does the contest close?

March 5, 2021.

How can I submit an application package?

The application package must be submitted by completing the online registration form.

Am I eligible for the 2020-2021 contest if I graduated in fall 2020?

Candidates can enter the 2020-2021 contest if they are registered as full-time students during the current school year (fall 2020 and winter 2021). For example, a student who obtained a diploma in December 2020 can submit her application.

Can I fail in one or more subjects and still take part in the contest?

Candidates who have failed in more than two subjects during their last school term are not eligible for the contest. However, failure on an initial examination and success on the make-up examination does not constitute failure for the purposes of the contest.

Can I participate in the contest if I am a previous winner?

In order to become eligible once again, candidates must have changed programs of study and at least three years must have gone by since they won.

Can I apply for several prizes?

Yes, provided that all the additional questions specific to each prize are answered.

Can I have someone help me answer the five general questions?

Yes. In fact, it is recommended that candidates have someone read over their text. We often underestimate our ability to talk about ourselves. But it's worth taking a risk to reap the rewards of your perseverance!

What criteria are used to select the winners?

Application packages will be assessed according to the following criteria:

- submission of a complete application package
- quality of the presentation
- clarity of the answers provided
- authenticity and persuasiveness of the answers
- relevance of the candidate's reasons for entering the contest
- favourable recommendation from the educational institution
- academic performance (a candidate cannot have failed more than two subjects in their last school term)

Can a jury change the way in which a prize is awarded?

The members of the jury reserve the right to transfer the prizes announced in the *Hats Off to You!* contest or the *Excellence in Science* contest if the applications submitted do not meet the stated criteria.

Who selects the winners?

The winners are chosen by committees made up of contest partners from the education, work and business communities, under the responsibility of the Ministère de l'Enseignement supérieur.

When are the prizes awarded?

Provincial prizes will be awarded in June 2021.

Note

A program of study is eligible if, according to the National Occupational Classification (NOC), women represent less than 33 1/3% of the work force in the corresponding trade or occupation.
