# Introduction

## Training and information sessions

During the school year, the Ministère de l'Éducation offers professional development and information sessions intended mainly for teachers and education consultants. These free sessions, related to the different programs of study, are organized by the Direction des programmes d'études en formation générale des jeunes team and the Direction de l'évaluation des apprentissages team. They are given online or in person.

Sessions related to general education in the youth sector offered by other departments are also available on the [website of the Ministère](#).

## Sessions offered online

The Ministère uses a multimedia platform that allows it to provide online training sessions.

To access the content, each participant must register individually and have the following at their disposal:

- a computer with a webcam
- a headset with a microphone
- a high-speed Internet connection

## Registration

To register, click on the link in the *Registration* section of the training or information session chosen.

## Recordings

Certain sessions offered online are recorded and are available for future reference on the [website of the Ministère](#). A note to this effect can be found in the *Format* section.
