- **Outdoors**: Gatherings in public locations are limited to 250 people, with a 2-meter distancing rule.

**EXCEPTION**

- Public hearing venues, cinemas, theatres, classrooms for general adult education, vocational training and college and university courses may apply a 1.5-meter physical distancing requirement.

---

#### Educational settings

- **Daycares and kindergartens for 4 and 5 year olds**: Physical distancing will not be required between the student and the educational staff.

- **Preschool, elementary and secondary school**: No physical distancing will be required between students in the same stable group. However, distancing of 1 meter will be maintained between students from different stable groups when they move around common areas, including hallways.

- **General adult education and vocational training**: Physical distancing of 2 meters must be respected at all times. Students and adult learners must wear face coverings at all times, except when seated in a classroom with a minimum distance of 1.5 meters between them.

---

### Homes and institutions for seniors

Visits are authorized in homes and institutions for seniors and vulnerable individuals where no outbreak has occurred.

---

### Companies, stores and leisure activities

Businesses and stores can resume their activities everywhere in Québec while giving preference to tele-work whenever feasible.

---

### Important

Hygienic directives must be complied with at all times.

- Cough into your sleeve
- Wash your hands
- Keep your distance
- Cover your face (if less than 2 meter)

Let’s continue to protect ourselves!
