

COVID-19 : Action Plan for a second wave

The Gouvernement du Québec is preparing to deal with a potential second COVID-19 wave. Here are its priorities:

9 action points

SENIORS' RESIDENCES

➤ Maintain secure access to CHSLD and RPA facilities for family and informal caregivers

➤ Designate a manager responsible per CHSLD

VULNERABLE CLIENTELE

➤ Provide support services that are adapted to users' needs

➤ Ensure minimum social services offloading

WORKFORCE

➤ Massive recruiting of CHSLD patient attendants

➤ Prohibit workforce mobility

SCREENING

➤ Reduce waiting times throughout the entire screening process

OUTBREAK PREVENTION AND MANAGEMENT

➤ Designate one person per facility responsible for infection prevention and control measures

CLINICAL ORGANIZATION

➤ Support optimal surgical, endoscopic and medical imaging services

PROCUREMENT

➤ Ensure sufficient personal protection equipment PPE reserves are available

GOVERNANCE

➤ Ensure that the roles and tasks of all actors in the network are well-defined

COMMUNICATIONS

➤ Reach the entire population by means of targeted communications that are individually adapted to different segments of the citizenry
